

God is moving in Tennessee through our churches as we reach Tennessee and reach the nations for Christ. I want to say, "Thank you," for your Annual Church Profile reporting this past year. We as Tennessee Baptists have affirmed the Five Objectives over the next nine years. We want to see hundreds of thousands come to Christ and we want to see an increase in healthy churches. To accomplish those goals takes the availability of resources through the Cooperative Program and Golden Offering for Tennessee Missions. The ACP is the tool we use to measure if we as Tennessee Baptists are effectively reaching our state for Christ and your participation is vitally important in guiding strategy and resources. As we look forward to hearing what God is doing this year, let's pause to celebrate what He did this past year through Tennessee Baptist churches.

Randy C. Davis

President & Executive Director

Top 50 Cooperative Program Churches
